

PT100

➔ Portable Data Collection Unit For Guard Patrol

Fingerprint Sensor: Infrared auto-sleep optical sensor

Fingerprint Algorithm: 10.0 version

Built-in RF Card Reader: 125KHz Proximity Card

Fingerprint Capacity: 500

Card Capacity: 1000

Log Capacity: 30,000

Communication: USB Client

Power Supply: 5V, 800mA

Operating Temperature: -10°C - 45°C

Dimension(LxWxD): 162 x 52 x 46 mm

Net Weight: 0.22 Kg

Ingress Protection Rate: IP65

Features

- ▶ 1.44" color LCD display
- ▶ Fingerprint authentication, accurate and convenient
- ▶ Robust design for shock resistant, anti-drop upto 1m
- ▶ IP65 rated waterproof and dustproof
- ▶ Low power consumption, standby 7 days, sustainable work upto 12 hours
