What is GTL Group?

- A web based portal to communicate daily school information of a student.
- A platform for two-way communication between Guardian and Tutors.
- A solution for guardians to track the performance of their children.
- A single platform for admin and tutor to manage student school information and for guardians to view that information.
How does GTL Group works?

Send SMS about students’ daily details like homework, attendance, fee notice, examination schedule, etc. directly to their guardians.
