**Rugged Mechanical Design**

**MFSTAB-3G-LAN**

**APPLICATIONS**
- Time Attendance
- Aadhaar Authentication
- Financial Inclusion / eKYC
- Access Control
- Visitor Management
- Canteen Management
- Worker Management

**FEATURES**
- Contemporary aesthetic that blends perfectly with modern architecture
- Support STQC/Aadhaar Certified fingerprint reader
- Wifi means cable less installations
- Data retention in case of power failure, no loss of data.
- Rugged case for the MFSTAB protects your device from drops and scratches
- Rugged casing for a versatile field Application
- Rugged casing for better gripping, shock absorption
- Online/offline software makes individual operation easy to manage.
- Inbuilt battery backup to ensure 99.9% uptime
- Compatible with state of the art TimeTrak, BioPay software.
- 1:1 or 1:N Fingerprint Matching functions

**INDIGENOUS BIOMETRICS INNOVATION**
WIFI & GPRS Based Android Terminal

The MFSTAB-3G+LAN Terminal is all-in-one, affordable, WiFi enabled terminal. It can be used for various applications such as Time Attendance, Access Control, Workflow Management, Canteen Management, Visitor Management, Worker Management etc. This innovative Biometric clock will dramatically improve your ability to monitor your workforce movements during their working patterns and with features that gives you better time and management reporting.

The MFSTAB-3G+LAN is suitable for both basic to moderately complex time and attendance requirements. The 7” Touch screen offers a wide range of possibilities, starting from the classical Time recording App to a complex Factory Data Collection App or a high-security solution with Access queries supported by a comparison of live images with stored images or audio-visual communication to a Service Command Center, e.g. for Data centers. Everything is possible.
